

TECH NOLOGY

(m/f/d)

Full time (38.5 hours)

Our brand **Hubers Landhendl** is one of the leading Austrian producers of high-quality poultry products and stands for **quality, sustainability** and **enjoyment**. Belonging to the Swiss food company Bell Food Group we are part of an international, rapidly expanding food company and export our regional specialties to the whole of Europe.

In the technical area, you will take care of all repair, maintenance and servicing work relating to our production facilities at the Pfaffstätt site.

WE OFFER:

- **High job security**
- **Working in a family team**
- **Independent areas of responsibility with opportunities for further development**
- **Opportunities for advancement**
- **Discounts at Hubers Genusswelt**

If you are a mechatronics engineer, electrician or industrial installer or have comparable technical training, then you have come to the right place.

*become part of
hubers family*
